## TESTIMONIALS AND KIND WORDS

"I was reading the monthly newsletter and realized that I totally missed the Compliment Challenge. There would have one more for the Gables! I can't say enough about these ladies—They are a God send! When mom moved to the Arbor House she was fearful, anxious, and I would even say depressed. Over the past 5 or 6 [months] I have seen such a change in her. [A former staff member] had told me that this would happen but I never would have believed it. Although I know that she will never go back to being the person that she used to be, I've witnessed the anxiety and fearfulness fading as she has settled into her new home. She even told me the other day that she was content where she is. The care friends go above and beyond just doing their jobs; they truly care and show love to the residents. I am so grateful for them and at peace knowing that mom is in such a great place!" - Pam Tullos

"I have observed, at one time or another, all of the shifts working in the Gables Team. They demonstrate, as individuals and as a team, the high standards of Arbor House care. They are responsive to residents' needs and concerns. They are responsive to the questions and concerns of family members and visitors. I am pleased they are responsible for [my wife's] care." -Sam Clemmons

"Just a note to say "Thank You" for the best care possible for my cousin. There is no comparison between Arbor House and [her] previous mental care facility in McKinney, TX. [She] is always clean and smells fresh (important to me). Special thanks to Lori Grammar for her sincere concern and care and, also, Layla Sorando, who keeps me well informed. Thanks again!" -Gary Gaines
