## Arbor Gardens Happenings

We are going into another month of summer but school will start soon, **HELLO AUGUST!**

August is a month of wisdom and trust. May this month bring you

happiness, inspiration, and inner harmony.

New and exciting things are going on in Arbor Gardens. We have added some new engagements to our calendars. We now have more engagements that everyone will love!

We have also changed up "Cooking Club" a bit. Our residents are loving the new menu and everyone is excited to participate now! Happy Hour is still a big hit and we invite you to join us every Thursday at 3pm to enjoy snacks, beer, and wine with our fun residents. Let's have some music with the "Singing Duo" on August 6th at 2:30 p.m. Come join us!

We are going to be celebrating two birthdays this month! Joyce Anderson and Mildred Taylor have birthdays on August 28th. We didn't realize that these two wonderful women shared a birthday! They are exactly one year apart. How amazing! Family and friends are more than welcome to join us for a birthday party. Just get with Kelsey and we can arrange it.

Volunteers are ALWAYS welcome to come join us for engagements or just visit with our residents. If you have any suggestions or would like to volunteer for anything at AH, call our office at 254-294-8672.

Thank you for all of the love and support to our community. Volunteers, our AH team, family and friends... you are awesome! We are Blessed to have so many people support our community. Our residents are very appreciative as well.

Let this month be a month full of blessings, love, clarity, and peace.

We at Arbor House have always been an advocate for our residents to have the right to choose their own healthcare providers. We currently have two providers that make visits to our community. We are excited to announce a new option to the Arbor House Family. Elite Patient Care will now be available to offer in house medical care.

Elite Patient Care was originally started in the Austin area as an alternate provider option for skilled nursing facilities. During their growing process, it was apparent how many people were not receiving optimal care.

Elite Patient Care goal is for their patients to have a physician that can follow them and be involved in their care all of the time. For example: Sue lives in assisted living. She becomes ill and has to go to the hospital. The hospital physician treats her for her current illness but doesn't know her medical history. Elite Patient Care is in contact with this physician to make sure everything goes smoothly for Sue. Sue leaves the hospital and goes to rehab. Elite Patient Care is the physician managing her treatment in rehab. Once done with rehab Sue is able to return back to her assisted living home. With Elite Patient Care managing Sue's healthcare she is able to have a familiar face everywhere she goes. Sue is still able to see her old physician out in the community that she has been seeing for years. Sue sees "Dr.Smith" for her annual/biannual visits and Elite Patient Care comes to her home for acute visits.

The great thing about this is that Medicare pays for this service just like a regular doctor office visit. There are no additional or hidden costs for home visits. There is an online portal where family can see every office visit note. There is a messaging option to contact the provider with any questions or concerns. Elite Patient Care will be at Arbor House weekly checking in on their patients. This company is not affiliated with any home health or hospice company, so our residents are still able to choose their preferred home health or hospice company. Elite Patient Care is a preferred provider of Baylor Scott and White and accepts most insurance companies.
