What's Happening...

Summer has come and gone, now we are looking forward to the arrival of fall. The changing colors of the leaves, the cool fall breeze, it will be so nice to spend the afternoon in the courtyard with our friends. Its time once again to get ready for the holiday season. We will be having our resident Halloween party and Costume contest. It was so much fun last year and we would love to see you dressed up again this year, so put on your costume and join the fun. Once again for Christmas we will have our resident party with a gift exchange. More information on the gift exchange will come soon.
Check your calendar for the happenings in September and join in on the fun.

We would like to welcome Betty and Dean to their new home.

Words of Wisdom

What advise would you give your grandchild before they start their first day of college…….

Horace said just take care of business and do what they tell you to do.

Nina said find yourself a Christian friend.

Arbor House Assisted Living, provides a beautiful home for you in a friendly, secure and supportive environment. Your privacy, dignity, and independence will be respected and promoted by a warm and caring staff. Your sunlit home includes a flowering courtyard, movie theater, and coffee shop where neighbors share friendships and good times.

Residents enjoy the comfort of being catered to with services such as three delicious meals each day served restaurant style, weekly laundry and housekeeping, planned group activities, and assistance as needed with personal care such as bathing, dressing, grooming and walking.

Arbor House also has a dedicated community for residents with memory care needs. Our Evergreen community has been designed based on the most common and relevant studies and is dedicated to creating an environment that promotes independence and dignity for those managing dementia-causing diseases such as Alzheimer's. For example, we use orange dinning ware, which studies tells us improves appetite. In addition, a persons ability to visually process the food on the plate can be affected by the journey of the disease, and this contrast can make eating easier and reduce mealtime stress.

For people managing dementia a structured and purpose-filled day reduces stress and "sun downing". Our engagement program "Life in Motion", offers a consistent routine to increase independence and to provide our residents joy, purpose, and connection.
