What's Happening...

A Message from Roy

Having a family and love ones that really love us and take the time and effort to place us in a good home such the Arbor House that has everything that we need to enjoy life.

The Lord has been good to all of us giving us many Blessing through out of lives.

I hope that we all appreciate the things that we have here that makes this a real home. We have food, doctors, hair styling, hair cuts , movies, dominoes, bingo, and parties.

We need to give Teresa Ruddick credit for all the things that she does to make our lives enjoyable.

I am proud to be a member of the Arbor House and call it Home(may we all do the same) .

The Games We Play

Exercise your Brain with Karen is always enjoyed by the group. They go over each decade, to remember what foods, music and world news was happening at the time.

Bingo is still the most popular Activity. We have Tues and Thurs Bingo.

Arbor House Assisted Living, provides a beautiful home for you in a friendly, secure and supportive environment. Your privacy, dignity, and independence will be respected and promoted by a warm and caring staff. Your sunlit home includes a flowering courtyard, movie theater, and coffee shop where neighbors share friendships and good times.

Residents enjoy the comfort of being catered to with services such as three delicious meals each day served restaurant style, weekly laundry and housekeeping, planned group activities, and assistance as needed with personal care such as bathing, dressing, grooming and walking.

Arbor House also has a dedicated community for residents with memory care needs. Our Evergreen community has been designed based on the most common and relevant studies and is dedicated to creating an environment that promotes independence and dignity for those managing dementia-causing diseases such as Alzheimer's. For example, we use orange dining ware, which studies tell us improves appetite. In addition, a person's ability to visually process the food on the plate can be affected by the journey of the disease, and this contrast can make eating easier and reduce mealtime stress.

For people managing dementia a structured and purpose-filled day reduces stress and "sun downing". Our engagement program "Life in Motion", offers a consistent routine to increase independence and to provide our residents joy, purpose, and connection.
