+is the
reason*

**FOR THE
SEASON**

Arbor House Assisted Living, provides a beautiful home for you in a friendly, secure and supportive environment. Your privacy, dignity, and independence will be respected and promoted by a warm and caring staff. Your sunlit home includes a flowering courtyard, movie theater, and coffee shop where neighbors share friendships and good times.

Residents enjoy the comfort of being catered to with services such as three delicious meals each day served restaurant style, weekly laundry and housekeeping, planned group activities, and assistance as needed with personal care such as bathing, dressing, grooming and walking.

Arbor House also has a dedicated community for residents with memory care needs. Our Evergreen community has been designed based on the most common and relevant studies and is dedicated to creating an environment that promotes independence and dignity for those managing dementia-causing diseases such as Alzheimer's. For example, we use orange dinning ware, which studies tells us improves appetite. In addition, a persons ability to visually process the food on the plate can be affected by the journey of the disease, and this contrast can make eating easier and reduce mealtime stress.

For people managing dementia a structured and purpose-filled day reduces stress and "sun downing". Our engagement program "Life in Motion", offers a consistent routine to increase independence and to provide our residents joy, purpose, and connection.
